The City of Norman is advising citizens that disposal of any fallen limbs or vegetation damage from last night's storms will be through the weekly household yard waste collection service. Limbs no larger than two inches in diameter, bundled in four foot lengths will be picked up by the City Sanitation Division on the normal yard waste pick up schedule. If you do not know your yard waste pick up day, you may call the Sanitation Department at 405-329-1023.

Slightly larger limbs (up to 6 inch diameter and 6 feet in length) can be taken to the Compost Facility located at 398 Bratcher Miner Road for disposal. Larger tree limbs (over 6 inches in diameter) and other debris must be taken to the Transfer Station located at 3901 S. Chautauqua Avenue.

Other guidelines to remember include:

- Tree limbs need to be no more than 4 feet in length and no more than 2 inches in diameter and bundled with twine or string.
- Yardwaste should be placed no more than 7 feet from the curbside.
- Yardwaste is not to be placed in the polycart. Use either trash bags or regular cans as long as they do not exceed 35 gallons.
